

# Advent / Christmas 2020

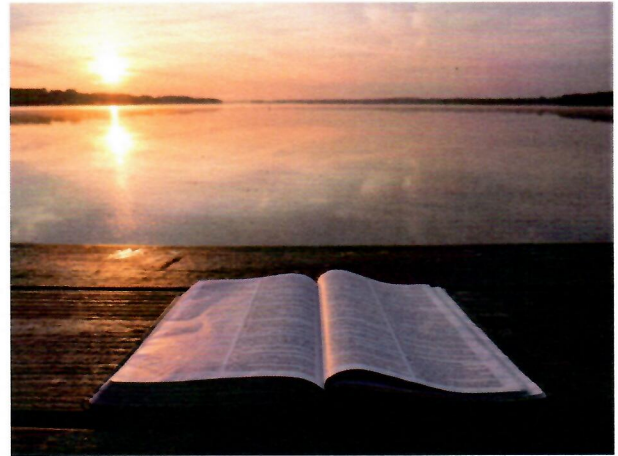

"Catholic schools play an important role in the evangelization of our students. That is why it is so important that everyone who works in a Catholic school is provided an opportunity to be involved in programs that not only deepen their own faith lives but equip them to be proclaimers of the Gospel values. The Evangelium Institute has provided valuable preparation in this area. We have been extremely satisfied with the dedication and commitment of the staff at EI and consider them to be a valued partner in our mission to bring Christ to our staff and our students."
